

Quality Policy Statement

Hazard Control Technologies, Inc. Quality Policy ensures that Employees throughout our organization are knowledgeable of and actively utilizing continuous quality improvement principles. Each Employee is committed to teamwork and focused on achieving Customer Satisfaction goals. We have developed and nurture an environment conducive to our Quality Policy.

Our Quality Policy

- Customer Satisfaction is our primary focus
- We are committed to delivering Products and Services on-time and at a competitive price
- Products and Services shall exhibit high Reliability through Quality design and workmanship standards
- Customers, Employees and Suppliers are considered vital to our success and shall be treated fairly and with respect
- The accuracy and completeness of Product documentation, processes and deliverable items are equally important
- Internal manufacturing processes and procured Products shall be environmentally safe
- Our Employees are knowledgeable of and consistently use prevention based continuous quality improvement methods
- Like our Customers, we value preferred Suppliers who are dedicated to continuous quality improvements
